DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 16 and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 16, "said openings defined through said blind rabbets" lack proper antecedent basis. In claim 16, "said opening defined through said tabs" lacks proper antecedent basis. In claim 18, "said apertures" lack proper antecedent basis.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 12 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Duckett et al (3,531,157). Note the body member (12), engagement members (23a, 23b), openings (27, 28), fasteners (29), recessed area (31), and plate (32).

Allowable Subject Matter

Art Unit: 3636

4. Claims 14 and 17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
5. Claims 1, 3-5, 7-11, 15, 19, and 21-25 are allowed.
6. Claims 16 and 18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Amendment/Arguments

7. Applicant's response filed March 5, 2002 has been fully considered. Remaining issues are detailed in the above sections. Upon reconsideration of the prior art of record, a new grounds of rejection has been applied to claims 12 and 13. Applicant's arguments regarding claims 12 and 13 are now moot in view of the new grounds of rejection.

Conclusion

8. This office action has not been made final since it includes a new grounds of rejection (claims 12 and 13) not necessitated by Applicant's amendment.
9. Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-1113 or the Customer Service representative whose telephone number is (703) 306-5771.
